28<sup>th</sup> till 31<sup>st</sup> May 2008

in Berg im Drautal / Carinthia

The Amateur theatre group of Berg im Drautal, ÖBV Theatre and the Theatre Service agency of Carinthia, are organizing *Focus*, the Austrian Festival of Amateur Theatre with international participation, and cordially invite interested parties.

*Focus* 2008 is meant for productions of literary and dramatic quality, which present the motto “*ON THE VERGE – IN THE MIDST*”. Language should not be the most important thing in your production, so that the international viewers will have the possibility to understand and follow the performance.

The participating theatrical groups are especially encouraged to present productions based on the political and cultural heritage or on the legends and stories of their homeland.

**What we offer you:**

- about 12 representative theatre productions of 30 to 90 minutes each;
- professional post-play reviews, encounters and exchanges;
- room and board for a maximum of 12 active participants per group.

Please send your application including a description of the group and the play, and other information as appropriate or as requested on the application form. Please enclose also a video of your play.

**Deadline: 1<sup>st</sup> of December 2007.**

The acceptance or refusal will be decided by a professional jury.
